Career Objective

Aspiring Computer Science and Data Science student with a passion for coding, problem-solving, and real-world tech solutions. Seeking internship opportunities to apply my academic knowledge and enhance my skills in software development, data analysis, and cloud technologies.

Education

Integrated MSc. in Computer Science – Data Science

Sacred Heart College, Thevara, Kochi, India

2023 – 2028 (Currently in 2nd Year)

Percentage: Above 90%

Technical Skills

Programming Languages: C, C++, Python, SQL, R, HTML, JavaScript

Tools & Technologies: Git, Visual Studio Code, Google Colab, Jupyter Notebook

Frameworks & Cloud: Basic knowledge of AWS and learning frameworks

Typing Speed: 70 WPM on average

Academic Projects

- Simple Chatbot using Python (ChatGPT API based)

Developed a basic chatbot interface using Python and OpenAI API to simulate real-time responses for FAQs or personal assistant tasks.

- Portfolio Website

Built a personal portfolio using HTML, CSS, and JavaScript to showcase projects, achievements, and resume.

- Student Database Management System

Designed using SQL and Python to store, retrieve, and manage student academic records with search/filter functionalities.

- Data Visualization of World Happiness Report

Used Python (Pandas, Matplotlib, Seaborn) to analyze and visualize world happiness indicators across countries.

Certifications

Currently learning AWS and frameworks. Looking forward to adding certifications soon.

Achievements & Extracurriculars

- Participated in Coding Competitions and Hackathons
- Football Player with team experience
- Content Creator: Reels, YouTube Shorts, Creative Video Editing
- Passionate Pianist and Music Enthusiast
- Active in DSA, self-learning and teaching peers
- Avid Reader and Creative Thinker
